Dear Fellow Shareholders,

The past 12 months have brought important milestones as well as a year of significantly lower metal prices that in turn forced us to implement cost reduction initiatives, which remain in place. Staying committed to creating shareholder value, our expansion efforts were realized at our mining operations in Durango. We successfully achieved our goal of completing Mill Circuit 4, which adds 1,000 tonnes per day to our processing capacity; this is owed considerably to the Mexican Operations team and their dedication to the project.

Additionally, we completed drill programs on several areas of the Avino property, which successfully outlined longer term targets that warrant further investigation and drilling.

The Company announced an updated mineral resource estimate in February 2018 that increased the measured and indicated resources by 225% at the Avino property.

At the Bralorne Gold Mine in British Columbia, we embarked on an exciting and comprehensive exploration drilling program, made possible by way of a flow-through share offering in April. This program, which includes exhaustive sampling, surveying and analytics along with 24,000 to 28,000 metres of drilling, is the largest in the history of the Bralorne operation.

We have adopted a prudent approach to our financial health as it is vital to the Company's continued success. Although we have seen a move upward as of late in both gold and silver prices, we continue to remain cost conscious.

We thank you for your ongoing support and confidence as we continue to build shareholder value at Avino Silver & Gold Mines Ltd.

Sincerely,

AVINO SILVER & GOLD MINES LTD.

INFORMATION CIRCULAR
AS AT AND DATED APRIL 24, 2019

This Information Circular accompanies the Notice of the 2019 Annual General Meeting (the “**Meeting**”) of shareholders of Avino Silver & Gold Mines Ltd. (hereinafter called the “**Company**”) and is furnished in connection with a solicitation of proxies for use at that Meeting and at any adjournment thereof.

APPOINTMENT OF PROXYHOLDERS
AND COMPLETION AND REVOCATION OF PROXIES

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder’s behalf in accordance with the instructions given by the Shareholder in the proxy. The persons named in the enclosed proxy (the “**Management Designees**”) have been selected by the directors of the Company.

A shareholder has the right to designate a person (who need not be a shareholder), other than the Management Designees to represent the shareholder at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the proxy the name of the person to be designated, and by deleting from the proxy the names of the Management Designees, or by completing another proper form of proxy and delivering the same to the transfer agent of the Company. Such registered shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as proxyholder and attend the Meeting, and provide instructions on how the shareholder’s shares are to be voted. The nominee should bring personal identification with them to the Meeting.

To be valid, the proxy must be dated and executed by the registered shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the proxy). The proxy must then be delivered to the Company’s registrar and transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, or at the head office of the Company at Suite 900 – 570 Granville Street, Vancouver, British Columbia, V6C 3P1, at least 48 hours, excluding Saturdays, Sundays and holidays, before the time of the Meeting or any adjournment thereof. Proxies received after that time may be accepted by the Chairman of the Meeting in the Chairman’s discretion, but the Chairman is under no obligation to accept late proxies.

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. A proxy may be revoked by a registered shareholder personally attending at the Meeting and voting their shares. A shareholder may also revoke their proxy in respect of any matter upon which a vote has not already been cast by depositing an instrument in writing, including a proxy bearing a later date executed by the registered shareholder or by their authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized, either at the office of the Company’s registrar and transfer agent at the foregoing address or the head office of the Company at the foregoing address, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the proxy is to be used, or by depositing the instrument in writing with the Chairman of such Meeting, or any adjournment thereof.

Only registered shareholders have the right to revoke a proxy. Non-registered Shareholders should follow the instructions provided to them by their intermediary.

PERSONS OR COMPANIES MAKING THE SOLICITATION

THE ENCLOSED PROXY IS BEING SOLICITED BY MANAGEMENT OF THE COMPANY

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited by electronic delivery where requested by the Shareholders, as well as personally or by telephone by directors, officers, employees or consultants of the Company. Arrangements will also be made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy solicitation material to the beneficial owners of common shares of the Company ("**Common shares**") pursuant to the requirements of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**National Instrument 54-101**").

The Canadian securities regulators have adopted new rules under National Instrument 54-101 which permit the use of notice-and-access for proxy solicitation, instead of the traditional physical delivery of material. This new process provides the option to post meeting related materials, including management information circulars, as well as annual financial statements, and related management's discussion and analysis, on a website in addition to SEDAR. Under notice-and-access, such meeting related materials will be available for viewing for up to one (1) year from the date of posting, and a paper copy of the material can be requested at any time during this period. The Company is not relying on the notice-and-access provisions of National Instrument 54-101 to send proxy related materials to registered shareholders or beneficial owners of shares in connection with the Meeting.

The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining from their principals authorization to execute forms of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. Unless otherwise stated, the information contained in this Information Circular is given as at April 24, 2019.

VOTING OF PROXIES

Each shareholder may instruct their proxyholder how to vote their Common shares by completing the blanks on the proxy. All Common shares represented at the Meeting by properly executed proxies will be voted or withheld from voting when a poll is required or requested and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the Common shares represented by the proxy will be voted in accordance with such specification. ***In the absence of any such specification as to voting on the proxy, the Management Designees, if named as proxyholder, will vote in favour of the matters set out therein.***

The enclosed proxy confers discretionary authority upon the Management Designees, or other person named as proxyholder, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. If other matters properly come before the Meeting, then the Management Designees intend to vote in a manner which in their judgment is in the best interests of the Company.

In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an "**ordinary resolution**"), unless the motion requires a "**special resolution**" in which case a majority of 66 2/3% of the votes cast will be required.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue unlimited Common shares without par value. There is one class of shares only. There are issued and outstanding **65,435,374** Common shares. At a general meeting of the Company, on a show of hands, every shareholder present in person and entitled to vote and every proxy holder duly appointed by a holder of a share who would have been entitled to vote shall have one vote and on a poll, every shareholder present in person or represented by proxy shall have one vote for each share of which such shareholder is the registered holder.

To the knowledge of the directors and senior officers of the Company, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying more than 10% of the outstanding voting rights of the Company.

The Articles of the Company provide that a quorum for the transaction of business at the Meeting is two (2) shareholders, or one or more proxyholders representing two shareholders, or one shareholder and a proxyholder representing another shareholder.

The directors have determined that all shareholders of record as of the **April 24, 2019**, will be entitled to receive notice of and to vote at the Meeting. Those shareholders so desiring may be represented by proxy at the Meeting.

BENEFICIAL HOLDERS

Only registered shareholders or duly appointed proxy-holders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" or "beneficial" shareholders because the shares they own are not registered in their names, but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the "**Beneficial Holder**") but which are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the Beneficial Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("**CDS**")) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Proxy (collectively, the "**Meeting Materials**") directly, and to the clearing agencies and Intermediaries for onward distribution to Beneficial Holders. These securityholder materials are being set to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

Intermediaries are required to forward the Meeting Materials to Beneficial Holders unless a Beneficial Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Beneficial Holders. Generally, Beneficial Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Beneficial Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Beneficial Holder when submitting the proxy. In this case, the Beneficial Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and **deposit it with the Company's transfer agent as provided above; or**

- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Beneficial Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Beneficial Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Beneficial Holders to direct the voting of the shares which they beneficially own. Should a Beneficial Holder who receives one of the above forms wish to vote at the Meeting in person, the Beneficial Holder should strike out the names of the Management Proxy-holders named in the form and insert the Beneficial Holder's name in the blank space provided. ***In either case, Beneficial Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.***

PARTICULARS OF MATTERS TO BE ACTED UPON

TO THE KNOWLEDGE OF THE COMPANY'S DIRECTORS, THE ONLY MATTERS TO BE PLACED BEFORE THE MEETING ARE THOSE REFERRED TO IN THE NOTICE OF MEETING ACCOMPANYING THIS INFORMATION CIRCULAR. HOWEVER, SHOULD ANY OTHER MATTERS PROPERLY COME BEFORE THE MEETING; THE SHARES REPRESENTED BY THE PROXY SOLICITED HEREBY WILL BE VOTED ON SUCH MATTERS IN ACCORDANCE WITH THE BEST JUDGMENT OF THE PERSONS VOTING THE SHARES REPRESENTED BY THE PROXY.

Additional detail regarding each of the matters to be acted upon at the Meeting is set forth below.

I. Financial Statements

The audited financial statements of the Company for the year ended December 31, 2018, (the "**Financial Statements**"), together with the Auditors' Report thereon, will be presented to the shareholders at the Meeting. Shareholders should note that in accordance with the rules of National Instrument 51-102 "*Continuous Disclosure Obligations*", shareholders will no longer automatically receive copies of financial statements unless a card (*in the form enclosed herewith*) has been completed and returned as instructed. Copies of all previously issued annual and quarterly financial statements and related Management Discussions and Analysis are available to the public on the SEDAR website at www.sedar.com and on the Company's website at www.avino.com. Hard copies of the Audited Annual Financial Statements and Management Discussion and Analysis will be available to shareholders free of charge upon request.

II. Appointment of Auditors

Management proposes the appointment of Manning Elliott LLP, as Auditors of the Company for the ensuing year and that the directors be authorized to fix their remuneration. Manning Elliott, Chartered Accountants have been the Company's Auditors since January 15, 2007.

In the absence of instructions to the contrary the shares represented by proxy will be voted in favour of a resolution to appoint Manning Elliott LLP, as Auditors of the Company for the ensuing year, at a remuneration to be fixed by the Board of Directors, unless the Shareholder has specified in the Shareholder's proxy that the Shareholder's Common shares are to be withheld from voting on the appointment of auditors.

III. Election of Directors

Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. It is proposed that the number of directors for the ensuing year be fixed at five (5) subject to such increases as may be permitted by the Articles of the Company. At the Meeting, the Shareholders will be asked to consider and, if thought fit, approve an ordinary resolution fixing the number of directors to be elected at the Meeting at five (5).

It is proposed that the persons named below will be nominated at the Meeting. Each director elected will hold office until the next Annual General Meeting of the Company or until his successor is duly elected or appointed pursuant to the Articles of the Company unless his office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia) or the Company's Articles.

It is the intention of the Management designees, if named as proxy, to vote for the election of the said persons to the Board of Directors, unless the Shareholder has specified in its proxy that its Common shares are to be withheld from voting on the election of directors.

The Management nominees for the Board of Directors and information concerning them as furnished by the individual nominees are as follows:

The Majority Voting Policy requires that any nominee for director who receives a greater number of votes “withheld” than “for” his or her election, in an uncontested election, shall promptly tender his or her resignation to the Chairman of the Board. The Company will promptly issue a news release with the Board’s decision to accept or reject a director’s resignation, a copy of which must be provided to the stock exchange. If the Board determines to not accept a resignation, the news release must fully state the reasons for that decision. Resignation offers must be accepted by the Board, except in situations where exceptional circumstances would warrant the applicable director to continue to serve as a member of the Board (such as, for example and without limitation, where such resignation would place the Company in breach of or non-compliance with corporate or securities legislation, or commercial agreements entered into by the Company). The nominee director in question will not participate in any committee or Board deliberations. This Policy shall be interpreted and enforced in accordance with the laws of the Province of British Columbia and the federal laws of Canada.

Each of the current directors has agreed to abide by the provisions of the Majority Voting Policy and any subsequent candidate nominated by management will, as a condition of such nomination, be required to abide by the Majority Voting Policy. In the event that any director who received a majority of votes “withheld” does not tender his or her resignation in accordance with the Majority Voting Policy, he or she will not be re-nominated by the Board.

1) COMPENSATION DISCUSSION AND ANALYSIS

The executive compensation program is comprised of fixed and variable elements of compensation; base salary, discretionary bonus, and equity based incentive award in the form of stock options and Restricted Share Units (“RSUs”) to its executive officers. The Company recognizes the need to provide a compensation package that will attract and retain qualified and experienced executives, as well as align the compensation level of each executive to that executive’s level of responsibility. The three components of the compensation package are included to enable the Company to meet different objectives.

The objectives of base salary are to recognize market pay and acknowledge the competencies and skills of individuals. The objective of discretionary bonuses (paid in the form of cash payments) is to add a variable component of compensation to recognize corporate and individual performances for executive officers and employees and may or may not be awarded in any financial year. The discretionary bonuses are short-term incentives. The objectives of equity based incentive award are to align the interest of executive officers with that of Shareholders by encouraging equity ownership through awards of stock options and RSUs, to motivate executive and other key employees to contribute and increase in corporate performance and shareholder value, and to attract talented individuals and reward achievement of long-term financial and operating performance and focus on key activities and achievements critical to the ongoing success of the Company. Implementation of incentive stock options and RSUs plans and amendments thereto are the responsibility of the Company’s Compensation Committee.

The compensation of the executive officers is reviewed and recommended for Board approval by the Company’s Compensation Committee. Although the Board has not formally evaluated the risks associated with the Company’s compensation policies and practices, the Board has no reason to believe that any risks that arise from the Company’s compensation policies and practices are reasonably likely to have a material impact on the Company.

The members of the Compensation Committee are Peter Bojtos (Chair), Michael Baybak, and Gary Robertson, all of whom are independent, applying the definition set out in Section 1.4 of NI 52-110. See “*Corporate Governance – Compensation Committee*” for a discussion of the role and responsibilities of the Compensation Committee.

The general objectives of the Company’s compensation strategy are to:

- (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long term shareholder value;
- (b) align management’s interests with the long-term interests of shareholders;
- (c) provide a compensation package that is commensurate with other comparable companies to enable the Company to attract and retain talent; and
- (d) ensure that the total compensation package is designed in a manner that takes into account the Company’s present stage of exploration, evaluation, extraction, and processing activities and its available financial resources. The Company’s compensation packages have been designed to provide a blend of a non-cash stock option component and a reasonable salary. In addition, extraordinary efforts which enhance shareholder value are rewarded with cash bonuses.

Other than discussed above, the Company has no other forms of compensation. Payments may be made from time to time to individuals or companies that they control for the provision of consulting services which may be deemed a form of compensation. Such consulting services are paid for by the Company at competitive industry rates for work of a similar nature by reputable arm’s length services providers.

In performing its duties, the Board has considered the implications of risks associated with the Company's compensation policies and practices. At its early stage of development and considering its current compensation policies, the Company has no compensation policies or practices that would encourage an executive officer or other individual to take inappropriate or excessive risks. An NEO or director is permitted for his or her own benefit and at his or her own financial risk, to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars or units or exchange funds, that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Actual compensation will vary based on the performance of the executives relative to the achievement of goals and the price of the Company's securities.

Compensation Element	Description	Compensation Objectives
Annual Base Salary	Salary is market-competitive, fixed level of compensation	Retain qualified leaders, motivate strong business performance
Incentive Bonuses	Discretionary cash payment	Reward individual performance in achieving corporate goals
Equity Based Incentive Awards	Equity-based incentive awards are made in the form of incentive stock options and Restricted Share Units. The amount of each grant will be dependent on individual and corporate performance.	Reward long-term financial and operating performance and align interests of key employees with those of shareholders

The Company relies on the discretion and judgment of the directors in establishing and amending contracts for all forms of compensation, including stock options and RSUs to be granted to the CEO and the directors, and for reviewing the CEO's recommendations respecting compensation of the other officers of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. There is no formal process using objectives, criteria, or analysis, for determining compensation. However, the Compensation Committee considers a number of key factors (including cash cost per ounce of silver equivalent, all-in sustaining cost per ounce of silver equivalent, operating margin and net income, share price relative to a competitive set of silver producers, safety and environmental issues, changes in amounts and categories of reserves and resources, total silver equivalent ounces produced and sold, investor and community relations, exploration results, financings, etc.), and considers these in comparison to other similar silver producers (that have comparable market capitalizations, revenues, and total assets). When determining the compensation of its officers, the Compensation Committee and the Board are guided by the general objectives of the Company's compensation strategy as set out above.

Performance Graph

The following graph compares the yearly change in the cumulative total Shareholder return over the five most recently completed financial years, assuming a \$100 investment in the Common Shares on December 31, 2014 against the return of the TSX Venture and TSX Composite Index. The Company did not pay any dividends during this period:

As discussed above, compensation for the Company's Named Executive Officers is comprised of different elements. These include elements relating to factors that do not directly correlate to the market price of the Common Shares, such as base salary, as well as elements that more closely correlate to the Company's performance and financial condition, such as discretionary cash bonus and equity-based incentive awards. The elements of executive compensation are designed to attract and retain top quality executives to manage and grow the business through both adverse and favourable economic cycles. Stock options form an important component of the compensation package offered to attract qualified individuals to a position and the number of stock options granted varies with the position level.

⁽¹⁾ Share Based Awards are in the form of RSUs under the Company's RSU Plan. The maximum number of issuable under the RSU Plan shall not, together with all other security-based compensation arrangements of the Corporation exceed 10% of the issued and outstanding Common Shares as at the date of such Grant on a non-diluted basis. The value of the RSUs is based on the closing price of the Common Shares on the vesting date. The RSUs will vest one-third annually over three years, and the amount above reflects the accrual for unvested share-based awards issued in the current and previous years, as at December 31, 2018. The closing market price on September 2, 2016 was C\$2.95 per common share, the closing market price on September 20, 2017 was C\$1.98 per common share, and the closing market price on August 28, 2018 was C\$1.31 per common share.

- (2) The methodology used to calculate the grant-date fair value is based on the Black-Scholes Option Pricing Model. During the year ended December 31, 2018, 497,500 new option-based awards were granted to officers, directors, employees, and consultants. The fair value was estimated using the following weighted-average assumptions: risk-free interest rate of 2.25%, expected dividend yield of 0%, expected option life of 5 years, and expected share price volatility of 60.26%.
- (3) The Company does not have a non-equity incentive plan.
- (4) The Company does not have any pension plans.
- (5) Discretionary cash payment of incentive bonuses.
- (6) On June 24, 2010, Mr. David Wolfin was appointed CEO. Mr. Wolfin's salary was paid to Intermark Capital Corp., a private BC corporation controlled by Mr. Wolfin.
- (7) Mr. Rodríguez receives his salary in Mexican Pesos ("MXP"). For 2018, Mr. Rodríguez' salary of MXP 3,286,373, was converted into US dollars by applying an exchange rate of 1MXP = US\$0.0519.
- (8) The employment relationship with Malcolm Davidson, former Chief Financial Officer ended on November 21, 2018 and Mr. Nathan Harte, Chief Financial Officer was appointed on the same date.
- (9) All compensation to Mr. David Wolfin, Mr. Malcolm Davidson, and Mr. Nathan Harte are paid in Canadian dollars and are converted into US dollars by applying an exchange rate of US\$1.00 = C\$1.2957 for 2018, US\$1.00 = C\$1.2986 for 2017, and US\$1.00 = C\$1.3252 for 2016, based on the average exchange rate for the year quoted by the Bank of Canada.

Annual Base Salary

Base Salary for the executive officers is determined by the Board based upon the recommendation of the Compensation Committee and its recommendations are reached primarily by comparison of the remuneration paid by other reporting issuers (similar in size and complexity) within the precious metals industry as well as a review of other publicly available information on remuneration that the Compensation Committee feels is suitable.

The Annual Base Salary paid to the executive officers is, for the purpose of establishing appropriate increases, reviewed annually by the Board upon the recommendation of the Compensation Committee as part of the annual review of executive officers. The decision on whether to grant an increase to the executive's base salary and the amount of any such increase is in the sole discretion of the Board and Compensation Committee.

Non-Equity Incentive Plan Compensation

One of the three components of the Company's compensation package is a discretionary annual cash bonus, paid to recognize individual performance in attaining corporate goals and objectives.

Equity-Based Incentive Awards

Equity-based incentive awards are in the form of the grant of incentive stock options and RSUs. The objective of the equity-based incentive award is to reward executive officers, employees and directors' individual performance at the discretion of the Board upon the recommendation of the Compensation Committee.

The Company currently maintains a stock option plan (the "Stock Option Plan") and an RSU plan (the "RSU Plan", collectively, the "**Plans**"), under which stock options and RSUs have been granted and may be granted to purchase a number equal to up to 10% of the Company's issued capital from time to time. Stock options granted under the Stock Option Plan and RSUs granted under the RSU Plan shall be subject to a vesting schedule imposed by the Board as a condition of the grant, at the rate of one-third annually until fully vested over three years from the date of the awards, and provided that these designated persons are continuously employed with or providing services to Avino.

All Plans are administered by the Compensation Committee. The process the Company uses to grant equity based incentive awards is upon the recommendations of the Compensation Committee.

The role of the Compensation Committee is to recommend to the Board the compensation of the Company's directors and the executive officers which the Committee determines is suitable. All previous grants of equity-based incentive awards are taken into account when considering new grants.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires issuers, such as the Company, to provide disclosure with respect to their corporate governance practices in accordance with Form 58-101F1. The required disclosure for the Company is set out below.

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the Shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices that are both in the interest of its Shareholders and contribute to effective and efficient decision making. NI 58-101 and NP 58-201 establish corporate governance practices, guidelines and disclosure procedures that apply to all public companies. NI 58-101 mandates disclosure of corporate governance practices in Form 58-101F1, which disclosure is set out below.

Board of Directors

Name	Position	Independent/ Non-Independent
Gary Robertson	Director, Chairman of the Board, and Chairman of Audit Committee	Independent
Peter Bojtos	Director, Chairman of Compensation Committee	Independent
Michael Baybak	Director, Chairman of Governance & Nominating Committee	Independent
Jasman Yee	Director	Non-Independent
David Wolfin	Director, President and CEO	Non-Independent

NP 58-201 states that the Board of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”), which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. “Material relationship” is defined as a relationship that could, in the view of the Company's Board, be reasonably expected to interfere with the exercise of a director's independent judgment. Of the proposed directors, all except David Wolfin, who currently serves as the Company's President and CEO, and Jasman Yee, who currently serves as a metallurgical consultant to the Company, are considered by the Board to be “independent” within the meaning of applicable securities legislation. In making the foregoing determinations with respect to the independence of each of the Company's individual directors, the circumstances of each director have been examined in

relation to a number of factors, including a review of the resumés of the directors and the corporate relationships and other directorships held by each of them and their prior involvement (if any) with management of the Company.

The Board of Directors is currently comprised of five directors. The size and experience of the Board of Directors is important for providing the Company with effective governance in the mining industry. The Board of Directors' mandate and responsibilities can be effectively and efficiently administered at its current size. The Board of Directors has functioned, and is of the view that it can continue to function, independently of management as required. Directors are elected for a term of one year at the annual general meeting.

Procedures are in place to allow the Board of Directors to function independently. At the present time, the Board of Directors consists of experienced directors that have made a significant contribution to the Company's success, and are satisfied that it is not constrained in its access to information, in its deliberations or in its ability to satisfy the mandate established by law to supervise the business and affairs of the Company. Committees meet independent of management and other directors.

Meetings of Independent Directors

Each meeting of the Board includes a session whereby independent members may meet in the absence of management. Independent directors are also free to meet separately at any time or to require management to withdraw during certain discussions. Additionally, the Audit Committee is composed entirely of independent directors and may meet as often as deemed necessary.

Other Directorships

As of the current date, certain of the Company's directors are presently on the boards of other public companies as follows:

Director	Other Reporting Issuers
David Wolfin Director, President & CEO	Coral Gold Resources Ltd. Gray Rock Resources Ltd. Great Thunder Gold Corp.
Gary Robertson Director, Chairman	Coral Gold Resources Ltd.
Peter Bojtos Director	Pembridge Resources plc

Board and Committee Meetings

The Board generally meets a minimum of four times per year, at least every quarter. The independent directors regularly meet in-camera, without management present, during each Board and Committee meeting. The Audit Committee meets at least four times per year. The Governance & Nominating Committee and Compensation Committee meet at least two times per year or as deemed necessary. The frequency of the meetings and the nature of the meeting agendas are dependent upon the nature of the business and affairs which the Company faces from time to time. During the year ended December 31, 2018, the Board held seven meetings, the Audit Committee held four meetings; the Compensation Committee held three meetings and the Governance & Nominating Committee held two meetings. A summary of the Directors' attendance at Board and Committee Meetings held in 2018 is as follows:

Michael Baybak	7 of 7	4 of 4	2 of 2	3 of 3
Peter Bojtos*	5 of 7	2 of 4	1 of 2	3 of 3

*Mr. Ross Glanville resigned on June 15, 2018 and Mr. Peter Bojtos was appointed on the same date.

Board Mandate

The Board has adopted a Board Mandate, the full text of which is included as Schedule “A” to this Circular. A copy of the Mandate is also available on the Company’s website at www.avino.com.

Position Descriptions

Written position descriptions and roles and responsibilities have been developed by the Board for the Chief Executive Officer and Chairman of the Board.

The most Senior Executive in Avino’s organization is the Chief Executive Officer (CEO), David Wolfin. The CEO is the operational head of the Company.

Avino’s CEO provides leadership and vision allowing him to manage the Company in the best interests of its shareholders, and he manages the daily business affairs of the Company within the guidelines established by the Board. Specific responsibilities include: Overseeing the vice presidents and department managers of the Company, developing and recommending business plans for the Board’s consideration, submitting financial reports (with the assistance of the CFO) and helping in and presenting Annual Budgets and Financial Statements, together with implementing all approved plans, policies and programs. The CEO sets targets, has a keen awareness of the business, and stays abreast of the economic and political environment. He reviews the ongoing administration and development, protects and enhances the Company’s reputation and ensures the Company meets all compliance legal and regulatory obligations.

Additional commitments: David Wolfin, CEO communicates the strategic direction of the Company and involves the necessary employees to help build a strategic vision. He clarifies what will be done so that all Directors and key-employees are well informed. Guided by the CEO everyone in the organization, who needs to know, will know, the direction, values, attitudes, goals, as he instills behaviors that determined how things will be done to make the Company run smoothly during any occasion. Mr. Wolfin monitors the operation carefully and is involved enough to achieve a proper business culture. His goal is to provide a proper balance of resources for all departments and initiatives; according to the Company’s mission. Mr. Wolfin spends a lot of time traveling to Avino’s operations, ensuring Avino has the right people in the right positions with the right skills, which are critical to the process.

Tasked with making the final decision, he takes on the position of a CEO’s responsibility for the Company’s best performance. David Wolfin, CEO takes an active role in driving the performance, setting the levels to reach, and describing the course the Company will have to travel to meet future current and future goals.

The Chairman of the Board, Gary Robertson, is also an Independent Director. As Chairman of the Board he provides oversight of management and a layer of supervision of the affairs of the business as follows:

As Chairman he is the liaison between the Board and key management of the Company through the CEO, ensuring efficient operation of the Board and its obligations to the Company and shareholders. He provides oversight of the Board in all meetings including the Annual General Meeting for shareholders, he coordinates the Agenda for Board meetings, and assists the Corporate Governance Committee with its annual review of the performance of Directors and the functionality of the Board. As Chairman of the Board he preserves the separation between the Board and the CEO (and management), and is the communicator of Board decisions to the CEO. The Chairman is independent from management, and free of any interest or business relationship, which could interfere with the Chairman's independent judgement -- other than his interest in his shareholdings in the Company and/or other remuneration for attending to the position of Chairman of the Board.

In addition, the Chairman provides independent counsel to the CEO, he keeps Directors informed of the activities of the Company and its management, and he ensures that Directors are kept properly informed on information required to enable them to make sound decisions. He chairs the meetings of the Board, and he recommends an annual schedule of dates and times for Board and Committee meetings throughout the year, he will sit on Committees of the Board (as determined by the Board, and he will often sit as a guest attendee to listen in on Committees he does not serve on). He will call special meetings of the Board when and where appropriate.

The Chairman ensures all committees are run properly and effectively and assesses all Committees on an annual basis.

The Board has three (3) committees: the Audit Committee, Governance and Nominating Committee, and the Compensation Committee. The chair of each committee is required to ensure that the committee meets when required and performs its duties as set forth in the charter, and to report to the Board on the activities of the committee. Because the size and nature of the Company's business allows each director to understand his role in progressing the Company's operations, the Board has not yet developed written position descriptions for the Chair of each Board committee.

Orientation and Continuing Education

New directors are provided with an Orientation Manual. Directors have the opportunity to meet with senior management to obtain insight into the operations of the Company. New directors are briefed on the Company's current property holdings, ongoing exploration programs and mining operations, overall strategic plans, corporate objectives, financials status, general business risks and mitigation strategies, and existing company policies. Senior management also makes regular presentations to the Board at its meetings and all directors are encouraged to communicate directly with management and other staff.

The skills and knowledge of the Board as a whole are such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies. It is the Company's view that all current members of the Board are well-versed and educated in the factors critical to the success of the Company. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Company's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the members of the Board.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board of Directors in which the director has an interest have been sufficient to ensure that the Board of Directors operates independently of management and in the best interests of the Company.

The Board has also adopted a formal Code of Conduct (the "**Code**") and the Code is applied to all directors, officers and employees. A copy of the Code is available at the Company's website at www.avino.com.

Insider Trading Policy

The Board adopted an Insider Trading Policy in June 2013, (and subsequently amended in February 2017). The Insider Trading Policy prescribes rules with respect to trading in securities of the Company where there is any undisclosed material information or a pending material development. Strict compliance with the provisions of this policy is required, with a view to enhancing investor confidence in the Company's securities and contributing to ethical business conduct by the Company's personnel. A copy of the Insider Trading Policy is available on the Company's website at www.avino.com.

Disclosure and Confidentiality Policy

The Board adopted a Disclosure and Confidentiality Policy in February 2017. The purpose of the Disclosure and Confidentiality Policy is to establish procedures which permit the disclosure of information about the Company and its subsidiaries to the public in a timely manner and to ensure that when information has not been publicly disclosed it remains confidential. Strict adherence to this Policy will help the Company maintain credibility in the marketplace by ensuring that all investors in securities of the Company have equal access to information that may affect their investment decisions. The Disclosure Committee consists of the members of management, investor relations officer, qualified person(s), and such other persons as are designated from time to time by the board of directors of the Company. A copy of the Disclosure and Confidentiality Policy is available on the Company's website at www.avino.com.

Whistleblower Policy

The Board adopted a Whistleblower Policy on December 19, 2017.

The Board, upon the recommendations of the Audit Committee, has established procedures for the receipt, retention, and treatment of complaints regarding accounting, internal controls, or auditing matters, and other corporate misconduct and breaches of the Code of Conduct. The Whistleblower policy is designed to encourage ethical behavior by all of the Company directors, officers, and employees, and provides details and procedures for submitting a complaint or concern to the Chairman of the Audit Committee of any wrong-doing.

To ensure that all employees, officers, and directors are aware of the Policy, a copy of the policy will be provided in the appropriate language (English or Spanish, as the case may be) to all employees, officers and directors. All employees, officers, and directors will be informed whenever significant changes are made.

Everyone at the Company is responsible for ensuring that the workplace is free from all forms of discrimination, harassment, and retaliation. No employees, officers or directors of the Company have the authority to engage in any conduct prohibited by this policy. Reporting can be made by submitting a written complaint or concern by mail, fax, or email to the Chairman of the Audit Committee. Once

complaints are received, the Chairman of the Audit Committee will review the details of the submissions and will address each matter reported, and corrective and disciplinary actions will be taken, if appropriate. A copy of the Disclosure and Confidentiality Policy is available on the Company's website at www.avino.com.

Term Limits

The members of the Board are elected annually. The present directors of the Company cease to hold office immediately before the election of directors at the Meeting and the directors are eligible for re-election. The Board has not adopted a formal maximum term limit for directors. The Board strives to be constituted to achieve a balance between experience and the need for renewal and fresh perspective. The Board believes, however, that the imposition of director term limits on a board implicitly discounts the value of experience and continuity amongst Board members and runs the risk of excluding experienced and potentially valuable Board members as a result of an arbitrary determination. The Board believes that it is better served with a regular assessment of the effectiveness of the Board, Board committees and individual directors rather than on arbitrary term limits.

Corporate and Board Diversity

Diversity is an important part of the Company's culture and its operations. Consequently, the Company seeks to recruit and invest in the best available talent. However, the Company has not adopted a written policy relating to the identification and nomination of women directors or regarding the number of women in executive positions because it does not believe that a written policy is the best way to achieve the Company's diversity or business objectives.

Furthermore, on appointing individuals to the Board and executive officer positions, the Company considers a number of factors, including the skills and experience required for the position and the personal attributes of the candidates. The level of representation of women in senior leadership roles is considered by the Company as one such factor.

The Company recognizes the value of individuals with diverse attributes on the Board and in executive officer positions, and is committed to the desirability that there is representation of women on the Board and in executive officer positions. However, the Company has not established a target regarding the number of women on the Board or in executive officer positions, as the Company has determined that a target would not be the most effective way of achieving the Company's diversity or business objectives. There are currently no women on the Board or in 'executive officer' positions (as such term is defined in NI 58-101).

Nomination of Directors

The Board of Directors considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board of Directors' duties effectively and to maintain a diversity of view and experience.

Committees of the Board

The charter of the Governance and Nominating Committee is available at the Company's website at www.avino.com.

COMPENSATION COMMITTEE

The Compensation Committee of the Company is responsible for, among other things, evaluating the performance of the Company's executive officers, determining or making recommendations to the Board with respect to the compensation of the Company's executive officers, making recommendations to the Board with respect to director compensation, incentive compensation plans and equity-based plans, making recommendations to the Board with respect to the compensation policy for the employees of the Company or its subsidiaries and ensuring that the Company is in compliance with all legal requirements with respect to compensation disclosure. In performing its duties, the Compensation Committee has the authority to engage such advisors, including executive compensation consultants, as it considers necessary.

The Compensation Committee is currently composed of Gary Robertson, Peter Bojtos, and Michael Baybak, who are independent directors within the meaning set out in NI 58-101. All three members of the Compensation Committee are experienced participants in the business world who have sat on the board of directors of other companies, charities or business associations, in addition to the Board of the Company.

The recommendations of the Compensation Committee are based primarily on a benchmarking analysis which compares the Company's pay levels and compensation practices with other reporting issuers of similar size, and which are active in the industry and/or market in which the Company competes for talent. This analysis provides valuable information that will allow the Company to make adjustments, if necessary, to attract and retain the best individuals to meet the Company's needs and provide value to the Company's shareholders. In formulating its recommendations, the Compensation Committee benchmarked the compensation of the Company's directors and executive officers against companies with similar market capitalizations, revenues, and assets including the following companies: Aquila Resources, Belo Sun Mining Corp., Chesapeake Gold Corp., Entrée Resources Ltd., Liberty Gold Corp., Vista Gold Corp., and Alio Gold, and several others.

The Compensation Committee has not engaged the services of independent compensation consultants to assist it in making recommendations to the Board with respect to director and executive officer compensation.

In performing its duties, the Compensation Committee has considered the implications of risks associated with the Company's compensation policies and practices. At its present early stage of development and considering its present compensation policies, the Company currently has no compensation policies or

practices that would encourage an executive officer or other individual to take inappropriate or excessive risks.

The charter of the Compensation Committee is available at the Company's website at www.avino.com

Other Board Committees

The Board has no other committees, other than the Audit Committee, Governance & Nominating Committee and Compensation Committee. The functions of the Audit Committee and Compensation Committee are described above. The function of the Governance & Nominating Committee is to monitor developments in corporate governance, review the Company's corporate governance policies and procedures, and recommend any required revisions or improvements to the Company's corporate governance policies and procedures to the Board of directors.

Assessments

Due to the minimal size of the Company's Board of Directors, no formal policy has been established to monitor the effectiveness of the directors, the Board and its committees.

OTHER MATTERS

MANAGEMENT KNOWS OF NO OTHER MATTERS TO COME BEFORE THE MEETING OTHER THAN THOSE REFERRED TO IN THE NOTICE OF MEETING. HOWEVER, SHOULD ANY OTHER MATTERS PROPERLY COME BEFORE THE MEETING; THE SHARES REPRESENTED BY THE PROXY SOLICITED HEREBY WILL BE VOTED ON SUCH MATTERS IN ACCORDANCE WITH THE BEST JUDGMENT OF THE PERSONS VOTING THE SHARES REPRESENTED BY THE PROXY.
